

**Radiologist Meeting**  
**March 25, 2019 - 12:30 - 1:30 pm**  
**Warehouse Conference Room**  
**Minutes**

**1. Construction Update**

**M. Wilson**

- a. Sedation area renovations Phase II – The proposed layout for work flow during Phase II of the sedation renovation will be marked on the floor in the Tower in the second-floor space for staff to review and test for maneuvering patient gurneys.
- b. CT - Melanie distributed a possible plan for CT and offices across from the ED.
- c. IR Lab – Completion is planned for June 2019.

**2. IR Coordinators managing fluoro**

**C. Carr**

- a. Dr. Roebel is working on staff training for the procedures that will be performed by the IR Coordinators
- b. Dr. Roebel indicated that evaluation forms are available to assist the IR Coordinators in performing these procedures
- c. Craig requested help from Dr. Ey in communicating with Medical Imaging Staff should questions arise

**3. Contrast policy re: Serum BUN**

**E. Ey**

- a. Dr. Ey related a recent situation that presents an opportunity to be sure that department policies are applied consistently
- b. Decisions made include:
  - i. PolicyTech document management software is used to make policies readily available to all staff
  - ii. Keith Jones will add links in Epic for frequently used policies
  - iii. All Stat CT studies will be “Call Result” effective immediately
  - iv. DPI physicians will evaluate current lab requirements (particularly Serum BUN) in studies that may involve contrast

**Radiologist Meeting**  
**March 25, 2019 - 12:30 - 1:30 pm**  
**Warehouse Conference Room**  
**Minutes**

**4. Ongoing Professional Practice Evaluation (OPPE) E. Ey**

- a. Dr. Ey explained the OPPE process which is required by the Joint Commission and impacts all DPI Radiologists
- b. After discussion, the following metrics were chosen for the initial OPPE:
  - i. Peer Review
  - ii. Turnaround Time (TAT) – Stat CT exams
  - iii. TAT – Stat Conventional radiographs
  - iv. Timely signing of Reports

Note: Keith Jones will assist with the calculation of metrics ii, iii, and iv above.

- c. In addition to these metrics, a periodic (every six months) review with the Medical Director is also required.

**5. Other**

- a. Keith Jones related that the Surgery Department would like an Epic selection option for the study indication (reason for exam).
- b. John Ey will work with Zotec and Keith to determine any billing impact

Handouts – Melanie circulated a drawing for 1b above.
